Pocket Profile from Intrahealth extends and simplifies your Practice Management System. Access essential patient and clinical information whenever you need it - at the office, at home, on a patient visit, at the hospital or whilst on any travel away from your practice.

Pocket Profile utilises Microsoft's Pocket PC platform to let you synchronize your practice information and patient data with a Pocket PC and access it anywhere, anytime.

Portable data

Take your patient information with you when on the move.

Tasks and Appointments

Manage your time and tasks whenever you need to, wherever you are.

Dictation

Record notes at any time for later processing or recall.

Sharing

Use a Pocket PC to share information with others.

Case notes to go

- summary of clinical information
- recent lab results
- due and overdue tasks
- medications
- recording new contacts.

Pocket Profile is
developed by Intrahealth
- a leading provider of
complete practice and
healthcare technology
solutions.
